12th April 2023

To,

The Hiring Manager,

Amazon

Respected Hiring Manager,

With this cover letter, I would like to express my excitement to apply for the role, of Full Stack Web Developer Intern. As a student currently, I'm in 2nd year, pursuing my B.Tech in Computer Science and Engineering from **PCCOE** Pune Campus, I am eager to apply my skills and knowledge to a dynamic and innovative company like Amazon.

So far in my academic career, I have gained experience in Problem Solving, Data Structures and Algorithms, and Design and Analysis of Algorithms. I have also completed an internship at a reputable company where I worked on developing solutions to real-world problems like optimizing Customer Meeting Scheduling, applying Job Scheduling to maximize the efficiency and performance of individual employees at the company.

I am particularly interested in the Amazon Apprenticeship Program because I believe it will provide me with the opportunity to work alongside experienced professionals and to learn from the best in the industry.

As an Intern, I am confident that I will be able to bring fresh perspectives and new ideas to the table, while also learning from my colleagues and mentors.

Thank you for considering my application. I am excited about the opportunity to learn, grow, and contribute to such an esteemed company.

Yours Sincerely,

Suraj Dalvi
